

## CHILDREN GREET ADMIRAL SCHLEY

Makes Visit to Chicago Public School Bearing His Name.

## KEPT BUSY TODAY

Surprised Trinity Episcopal Church Yesterday by Coming in Unannounced.

## TOOK TWO DINNERS

Chicago, Jan. 27.—At 9:30 o'clock this morning Admiral Schley left the Auditorium Annex for the school which bears his name, under the escort of Trustee Gallagher, chairman of the special reception committee of the Board of Education, and a number of the remaining members of the board. When the carriages drew up at the gates the party proceeded between lines of girls from the sixth, seventh and eighth grades drawn up on each side of the entrance and down the long corridor. As the naval hero alighted the children sang, "See the conquering hero comes." In the Assembly hall a short program was given.

## Was Kept Busy Today

As the Schley party reached the room the boys of the upper three grades sang a song composed for the occasion by the teachers of the school. Trustee Gallagher delivered an introductory address presenting President Graham H. Harris, who gave the address of welcome. After the response by Admiral Schley the children sang another special song, entitled, "Tribute to Admiral Schley." Then there was a semi-military calisthenics drill.

A reception followed during which each of the 500 pupils enrolled at the school was presented to the admiral. From early morn until late at night the hosts of the Hamilton club will "loop" Admiral and Mrs. Schley from one end of the city to the other, from the reception parlors to the banquet board and the drill hall. Tomorrow the distinguished guests of the city leave for Louisville.

## How He Spent Sunday

Rear Admiral Schley rested yesterday. He arose late, partook of a light breakfast, went to church, and passed the remainder of the day with friends on the South Side. He showed no traces of fatigue as he left the Auditorium Annex and declared that he was thriving on Chicago hospitality.

The admiral attended services at Trinity Episcopal Church, Twenty-sixth street and Michigan avenue. Aside from the clergyman, the Rev. William A. Guerry, chaplain of the University of the South, none of the congregation was aware that so distinguished a visitor would be numbered among the worshippers. The precautions taken to avoid a crush were effective and there were plenty of vacant pews.

## BRYAN DECLINES TO BE KISSED

Former Candidate for President Tells Pennsylvania School Teacher That His Wife Reads the Papers.

Washington, Pa., Jan. 27.—It has become known here that certain of the teachers of the Second Ward Public school have made a written request to William Jennings Bryan, who lectured here on Monday night to be allowed to kiss him. Mr. Bryan spoke to the school children in the morning and as he entered the building a note signed by the teachers was presented to him. Mr. Bryan read the note and informed the bearer, a primary teacher, that he was extremely surprised. He said that his wife read the papers, and that for this reason he was compelled to refuse their request.

## GAS ASSOCIATION MEET AT MADISON

The First Annual Convention in the Senate Chamber on February 12 and 13.

Madison, Wis., January 27.—(Special.)—The first annual meeting of the Wisconsin Gas association will be held in this city on February 12 and 13, in the senate chamber. There will be half a dozen addresses and more short discussions on pertinent topics and a banquet. Twenty-six gas companies are represented in the association including Milwaukee, Oshkosh, Janesville, Beloit, La Crosse, Eau Claire, Superior, Green Bay and others. George MacMillan of La Crosse is president.

D. Ryan, who has been confined to his home for many weeks, is now on the road to recovery. His fever has left him and he is regaining his appetite.

## NEW POLITICAL PARTY IS FORMED

National Liberals Organized at Cincinnati for the Separation of Church and State.

Cincinnati, O., Jan. 27.—The National Liberal party was organized here today by representatives from all parts of the country. The preamble to the new constitution that was adopted declares for the separation of the church and state to the extent of abolishing chaplains in the army and navy, legislative bodies, and all public institutions, the taxation of church property, and abandonment of Sabbath observance.

The National Liberal party is the amalgamation for political purposes of Free Thinkers, and it is more distinctly in politics than the American secular union.

The Free Love element was not admitted into the new organization but the woman suffragists were admitted. At the Thomas Paine memorial today addresses were made by C. S. Darrow of Chicago, J. T. Wysearver and others.

## FINE BAY MARE THAT WAS STOLEN

Under-Sheriff Cochrane Finds the Horse Taken from George Knudson by J. W. Augrellas.

Under Sheriff Wallace Cochrane went to Oregon, Ill., Saturday morning and recovered a fine bay mare that was stolen July 8, 1899, of Geo. Knudson, a farmer living east of Evansville by Charles Augrellas, who was sent to Waupun for twenty-one months by Judge Fifield a short time ago.

Under Sheriff Cochrane has been keeping a sharp look out since Augrellas went to the pen, to locate some of the stolen horses and wagons. A short time ago he located the wagon stolen from the Tripp farm last summer and also located three horses that Augrellas stole and left with farmers near Oregon.

Knudson's boy went to Oregon Saturday with Cochrane and identified the horse as the one stolen from his father and started for home with it the same day. Among the horses left at Oregon by Augrellas is a bay supposed to have been taken from near Evansville two years ago and a gray mare, stolen four years ago, that belongs near Albany. The farmer that has the gray mare has raised three colts since she came into his possession. The parties that lost these horses will go to Oregon and try to identify them.

Augrellas is eighty-one years of age and has a record of stealing seven horses in Sauk county twenty-five years ago and several in Dane county in 1890.

There is no doubt but that the officers will succeed in finding more of the stolen animals before they are through looking.

## MISS STONE MAY BE FREED TODAY

American Commissioners with the Ransom Money Are in Close Touch with Brigands.

Djumala, European Turkey, Jan. 27.—It is thought that the Americans commissioned to pay the ransom of Miss Stone will deliver the money to the brigands today. They have reached Daniko, about thirty miles southwest of here, and have learned that Miss Stone and Mme. Talika are at present held near Yapyak, a short distance from the frontier.

## NAME CANAL COMMISSIONERS.

Columbian Government Will Co-operate with the United States.

Panama, Colombia, Jan. 27.—The news received here from the United States was attempting to leave on a visit to welcome. The government has appointed J. G. Lewis, a banker, and F. Muela, a lawyer, commissioners of this department to assist Senor Carlos M. Silva, Colombian minister at Washington, in matters pertaining to the canal.

## Show Progress of the Nation.

Washington, Jan. 27.—"The Progress of the United States in Its Material Industries" is the title of a monograph issued by the treasury bureau of statistics, which contains a series of statements which show the rapid development during the century of the important factors in the prosperity of the country.

The tables show that the wealth has increased from \$7,135,780,000 in 1850 to an estimated \$94,200,000,000 in 1900; the per capita wealth, from \$207.69 in 1850 to \$1,235.86 in 1900. The public debt, less cash in the treasury, was in 1865, \$76.93 per capita, and in 1901 was \$13.44 per capita, while the interest on the public debt, which in 1867 was \$143,781,592, had fallen to \$32,342,797 in 1901.

## Dufferin's Friends Alarmed.

London, Jan. 27.—The condition of the Marquis of Dufferin is causing anxiety. Until his recent attack the Marquis was busy revising the voluminous memoirs he has been compiling for years. They constitute secrets and records of the diplomatic events with which he had been connected since he went to Constantinople as ambassador.

Peter Taylor of Brodhead was in the city today on his way home from Edgerton.

## DEMOCRATS HAVE A NEW SLOGAN

Independence of the Philippines, Issue of the Next Campaign.

## AN ISLAND POLICY

Alignment of Two Leading Parties on Question of Government Tenure.

## CUBA ALSO INCLUDED

Washington, Jan. 27.—What is to be the future of the Philippine island? Is the United States to hold them indefinitely, or is it to give them a promise of ultimate independence? There is no disguising the fact that this is now the burning question in American politics. As far as now can be foreseen, it is to be an issue between the two great parties. Most people here supposed the question was settled by the presidential election of 1900 and the state elections of the following year. But it appears that it is not so. The question is up for discussion. It is being discussed. It is sure to attract a large share of public attention in the future.

## Two Principal Features

1. The democrats are preparing to go to the people on this clean-cut issue: The people of the Philippines are of right entitled to independence. It need not be given them now, but they should have the promise of it as soon as they are entitled to it; such a promise would stop the insurrection and bring immediate and permanent peace; without such a promise the conflict will continue interminably and will lead to independence in the end.

2. The republicans are not prepared to make a positive declaration of future policy. They are not willing to declare that it is the national policy to hold the Philippines forever, nor are they willing to pledge independence. They maintain that we must go on as we are now going, quell the insurrection, setting up civil government, but making no promises of any sort and leaving all problems to be settled as they arise.

## Is It Wise to Annex Cuba

It is a curious fact that just at this moment, when there is a revival of the question whether or not the United States should let the Philippines go, there should come to the front the other problem of whether it is wise to annex Cuba outright or permit the Cuban republic to worry along for a time.

This question was brought forward Saturday by Colonel Bliss, collector of customs at Havana, when he told the ways and means committee that in his opinion most of the people of Cuba, excepting the noisy politicians, were in favor of annexation on any terms. He distinctly said he believed the Cubans would be willing to come into the United States as a territory like Porto Rico or the Philippines, with the aim of securing the economic advantages which that membership of the national family would give them.

This statement has served to revive the question of Cuban annexation. President McKinley believed Cuba would in the end ask to be taken in, that the need of a market for her sugar and tobacco would force her to seek annexation.

A. G. Anderson, foreman of the Janesville Machine company's blacksmith shops, was given a pleasant surprise on Saturday evening by a number of the employees of the company. The affair was in honor of Mr. Anderson's sixty-fifth birthday.

## LEAF TOBACCO INDUSTRY GROWS; ACREAGE RAPIDLY INCREASING

Wisconsin is Producing Annually 150,000 Cases of Leaf Tobacco Valued at \$4,500,000; 150,000,000 Cigars—Big Crop for Coming Season Expected.

Milwaukee, Wis., Jan. 27.—The effort that is being made in congress to secure a reduction of the tariff duties on leaf tobacco and cigars from Cuba has aroused the Wisconsin dealers, who see in such action serious injury to an industry that has of late years grown to an enormous proportion and which has been of great profit to the farmers of a wide section of territory in the central portion of the state and which is being gradually extended as suitable land is found.

Wisconsin is producing annually about 150,000 cases of leaf tobacco, valued at \$4,500,000, and manufacturing 150,000,000 cigars, and the growers believe that any concessions on the Cuban tariff will work great injury to them. The growers and dealers are equally alarmed, and they have sent a protest to the Wisconsin members of congress against the proposed reduction.

At present most of the Wisconsin tobacco is raised in Rock and Dane counties, and Janesville, Edgerton and Madison are the marts, all having large warehouses and agencies conducted by large eastern dealers.

## OFFERS REWARD FOR LIVE GHOST

Camille Flammarion Will Give \$2,000 for a Real Apparition.

## SUBJECT TO PROOF

He Says the Soul Exists, and Has Faculties Unknown to Science.

## GLORIES OF INFINITY

Paris, Jan. 27.—Two thousand dollars to the man who will produce a real ghost, able to resist the light of scientific investigation—such is the offer made by Camille Flammarion to the world at large. And it is an offer made in a serious end, and not for the encouragement of mediums, who, for the most part, work their so-called manifestations in dark rooms or behind impenetrable screens.

Flammarion's object is nothing less than the scientific proof of the existence of a soul. After a period of skepticism in which he doubted of an after life, Flammarion was led, by scientific study, to the conviction that something remains to survive the clay of the body and perpetuate the efforts of the mind.

Flammarion wishes to leave as the crowning triumph of his lifework devoted to astronomy and the sciences, irrefutable proof of immortality that will confound materialists by demonstrating the vastness of life and the glories of infinity.

M. Flammarion said in an interview: "I have never had personal experiences of psychological phenomena and no one, living or dead, has ever appeared to me in spirit; I do believe these things exist because of outside testimony which I have carefully verified. My study of some hundreds of psychological phenomena, such as telepathic apparitions, prophetic dreams, etc., have led me to four conclusions:

"First, the soul exists as a real being, independent of the body.

"Second, the soul is gifted with faculties still unknown to science.

"Third, the soul can act from a distance, without the intermediary of the senses.

"Fourth, the future is prepared, beforehand, and determined by causes which will bring it about. The soul is sometimes aware of the future.

"It must be confessed that about the nature of the human soul we still know practically nothing. It is probable that the whole of science is mistaken in declaring the soul to be merely a function of the brain, and that psychologists labor under a delusion in so believing. The world which we see is not the true world, but a partial and false impression of our imperfect and limited senses. The survival of the soul seems to me certain, although scientific proof is difficult to obtain."

## ANTI-AMERICANS ACTIVE IN EUROPE

Vienna, Jan. 27.—Further details of the anti-American activity in Europe during the Spanish-American war is learned. After the treaty of Paris was signed another note protesting against the annexation of the Philippines was circulated. The note failed in its intent because Russia and England refused to sign it.

Edward Wray came down from the state university and spent Sunday with his parents.

## NOTABLE WEDDING AT MILTON, JAN. 29

Miss Bessie Evelyn Clarke and Samuel William Clarke Will Be United in Wedlock.

Milton, Wis., Jan. 27.—(Special.)—Nearly 100 invitations have been issued for the wedding of Miss Bessie Evelyn Clarke and Samuel William Clarke of Independence, N. Y., for Wednesday evening, Jan. 29, at the home of the bride's parents, Lieutenant and Mrs. Willis Peck Clarke of this place. The ceremony will be performed by the Rev. Lewis A. Platts. The bride is a graduate of the Columbia School of Oratory of Chicago, and was one of the entertainers at Monona Lake assembly last summer. She occupied the position of physical director of Milton college during the fall term, having recently resigned on account of her approaching marriage.

The groom is a resident of West-orn New York, and was educated at Alfred and Cornell universities. Guests will be in attendance from Dodge Center, Minn., Chicago, Brodhead and Edgerton.

## BADGER DAIRYMEN TO GATHER SOON

Thirtieth Annual State Convention at Menomonie to Be Held on Feb. 11 to 14.

Menomonie, Jan. 27.—The thirtieth annual convention of the Wisconsin Dairymen's association, which will be held at Menomonie, Dunn county, Feb. 11-14, is expected to be one of the largest gatherings of dairymen ever held in the state.

In addition to a large number of papers on subjects of practical interest to the members of the association there will be addresses by ex-Governor W. D. Hoard, who was one of the seven charter members who formed the society in 1872; H. C. Adams, state dairy and food commissioner, and others.

The annual banquet, which is always a notable affair, will be held on the evening of Feb. 13, and on the preceding evening there will be a special entertainment programme, consisting of music, readings, etc.

Premiums amounting to \$200 will be offered on butter and cheese made in Wisconsin. Of this amount \$30 will be offered in the form of two sweepstakes of \$15 each for the exhibits of butter and cheese, respectively, scoring the highest number of points. The balance of the sum, \$170, will be awarded on the excess pro rata plan to all entries that score 91 or more points. The citizens of Menomonie are manifesting great interest in the arrangements for the convention and will offer a number of premiums for Dunn county products.

## WILL ESTABLISH A DEAD LINE

Gov. Taft Announces That He is Opposed to General Bell's Reconcentrado Policy.

Cincinnati, Jan. 27.—Governor Taft of the Philippines arrived home today. In an interview he said he was opposed to General Bell's reconcentrado policy. When he left the Philippines there had never been a thought of establishing reconcentrado camps in the ordinary acceptance of the word all that is proposed is the establishment of a dead line into which all insurgents will be gradually drawn.

## THREE KILLED; SCORES INJURED

Terrific Explosion of Dynamite on New York Rapid Transit Tunnel Does Much Damage.

New York, Jan. 27.—A terrific explosion of dynamite in front of the Murray Hill hotel just before noon killed three, injured scores and practically wrecked two hotels, a hospital and several private residences and caused indescribable consternation for a time.

It was two hours later before the panic stricken people began to return to their establishments to clear away the wreckage. For a distance of four blocks every pane of glass was broken. The dynamite that exploded was stored in a shanty used by the workmen. It exploded on the rapid transit tunnel. The Murray Hill and Grand Union hotels and the Manhattan car and eye infirmary were more or less wrecked.

## HEAVY OAT SALE CAUSED A PANIC

Chicago, Ills., Jan. 27.—Heavy selling caused a panic on the board of trade this morning, the price falling from 44 to 39 1/4. The selling is believed to be due to an effort to break a large line of oats held by Jas. Patten. His brokers supported the market and the price soon jumped to 43 1/4.

## PATENT OFFICE BREAKS RECORD

Washington, D. C., Jan. 27.—The year 1901 was a record breaker in the patent office according to the annual report of the patent commissioner. Alton, submitted to congress today. The number of patents issued was 27,373, the largest annual output in the history of the office.

## HERO OF CIVIL WAR IS DEAD

Noted in the Political and War History of the Badger State.

## GEN. H. C. HOBART

One of the Five Men Who Planned the Famous Libby Prison Tunnel.

## HAD A LIVELY CAREER

Milwaukee, Wis., Jan. 27.—General Harrison C. Hobart sole survivor of the Wisconsin constitutional convention and the last survivor of the five daring men who planned the famous tunnel escape from Libby prison, died at the hospital of the Soldiers' Home last evening.

A Remarkable Career His death marks the close of a most remarkable career. The hero of numerous bloody battles during the civil war, the target of southern prison guards, surviving fevers and other ailments contracted in the southern swamps, General Hobart died peacefully of old age.

He was a native of Massachusetts, being born in Ashburnham in 1820. In 1843 he graduated from Dartmouth college and immediately came West. Three years later he began the practice of law in Wisconsin, then a struggling community. He figured largely in the territorial legislature of 1847. He was the first state senator from his district (Sheboygan and Washington counties) and assisted in framing the constitution and the early legislation of the state. He was the speaker of the house during the session of 1849, this ending his political career for a time so far as holding office was concerned.

Organized a Company When the civil war broke out Mr. Hobart organized a company known as the Calumet Rifles, and, as its captain went to the front as part of the Fourth Wisconsin. He was advanced in command, until at the battle of Chickamauga he was in command of the Twenty-first Wisconsin.

During this battle his regiment became detached from the main line, and Colonel Hobart with others was made prisoner. They were taken to Atlanta and thence to Richmond, where they were confined in Libby prison. The story of the escape of a number of the prisoners from Libby is a matter of interesting history and has been told in a pamphlet issued by General Hobart later in life.

## Held Many Positions of Trust

After recovering from the effects of prison life Colonel Hobart was given command of a new regiment, and at the head of this he went with Sherman on his march to the sea and up through the Carolinas. He had the grim satisfaction of marching his regiment into Richmond and around the prison from which he escaped. After the war, having been advanced to the rank of a general, he returned to Milwaukee, his residence up to his death.

He was honored with many positions of trust, filling all with great credit to himself. He was deeply interested in the work of the public library, and was one of its trustees but was compelled to retire on account of growing disability.

## Funeral Services Tomorrow

The funeral services will be held tomorrow afternoon from the undertaking rooms of George L. Thomas, 467 Wisconsin street, at two o'clock. At a consultation of the relatives of the deceased held last evening this course was decided on, for the reason that this plan would permit the attendance of at least two hundred persons at the funeral. It is expected that representatives from the Masonic order, of which General Hobart was a life member, will be present, as well as a number from the Loyal Legion and Volcott post, G. A. R., of which he was also a member.

## BATTLE AT BOGOTA; 450 ARE KILLED

Engagement Between Government Troops and the Insurgents Results Disastrously to Latter.

Bogota, Jan. 27.—An important battle was fought twenty miles from Bogota a few days ago in which the insurgents were defeated by the government troops. They left 350 dead on the field, while the government lost 93 killed.

The battle was fought at Facatavita to keep the insurgents out of Bogota. More troops are being sent to Bogota.

## A MONSTER PARADE TO WELCOME PRINCE

New York, Jan. 27.—The Germans of New York have decided to welcome Prince Henry with a monster parade on the night of February 26. Fifty thousand will be in line.

St. Louis, Jan. 27.—Efforts are being made to have Prince Henry lay the corner stone in the world's fair building during his visit here. The suggestion has been made to the authorities at Washington and it is believed will be favorably acted upon.

L. E. Gettle of Edgerton had legal business in the city today.

## Some Farm Notes.

When a calf a day old will not drink, the teacher is very prone to say, "such a stubborn calf," and if the calf could talk it would say the very same thing of the man. It is a wrong impression that because skim milk is not very rich, a calf should be fed a great deal of it. When this is done, there is soon a "pot-bellied" calf on hand and the wonder is what made it so? Over-feeding, irregular feeding, feeding cold milk and feeding sour milk are conducive to troubles and should be avoided.

Some road makers work the roads like the old negro managed his roof. When the weather was good he did not need the roof and when it was raining he could not fix it. When the roads are good they need no repairing and when they are bad no work can be done.

The man who has healthy out door exercise and who is always ready to do a day's work will not tire so easily of ham and eggs as "Boston baked beans," or as we westerners call it, pork and beans. Here are a couple of dishes good enough for anybody and anybody who does not have them and does not know how to appreciate them is missing a whole lot of the good of this life. "I could be happy with either were I other dear charmer away."

The "stand" of candidates is very good so far, and if political conditions are favorable the crop will be an immense one. Sometimes the growth is spontaneous and the crop springs up like mushrooms.

Once upon a time a man would have a large lot of cattle and own every one of them. It is now possible for him to have a great number and owe for every one of them. With some men there is a vast difference in owning a large number and owing for the same number. A man can afford to owe for cattle when corn is selling below twenty cents per bushel if his owing does not cost too much. Money is cheap now and corn is dear, and when these products change places there is a chance to lose as well as make.

The almost universal verdict is that this country would be better off with more sheep and fewer dogs. Dogs may be all right in their places but that place is not in the sheep pen or pasture at a midnight hour.

This is an age of improvement and yet we are not up to the fullest meaning of the term. We live in improved houses, have improved barns for improved stock, employ riding machinery and that which will facilitate labor, but we are not making that advancement in yield of grain proportionate to other kinds of improvement. Our forefathers grew as much and as good grain as we do now. The Egyptians have done this much, and that, too, thousands of years ago. We have much to learn yet about how to increase the yield and quality of the grain grown. We stand in need of care in handling and growing and in the selection of seed. Occasionally a man makes an extraordinary yield and scores of farmers do not believe he has obtained such results. Skepticism prevents their taking a step in the right direction.

The old sow has the advantage of the young sow in experience and is usually the best mother, but when she gets her head set the wrong way there is sure to be trouble if she is opposed.

Get plows and cultivators sharpened and put in good condition for spring work and when the time comes for using them there will be no delay. Of course this is meant for the man who failed to get this done before the tools were put away in the fall. It is better to get stirring plows sharpened just before the

last field is finished in the fall and plow a half a day or a day after sharpening. The plow will then be bright and sharp for spring work.

The extreme difficulty with a milking machine that actually milks is in keeping it clean. Actual tests have shown many hurtful germs in milk that have come there through the use of machines which are not found in milk that has been hand drawn.

Some of these days when there is a soft snow or what is known as a "slush" will be a very good time to hitch up the colt to a sled and drive about over the fields. In the past this was done by driving over the prairies, but since the other fellow has come in and "settled up the open land" we have to take to the fields.

Wise is the man who has placed his corn harvester and shredder in a nice, dry place for another year. The man who has stored such machinery in fence corners or under trees will regret it when the time comes to use them again.

It is plain that a man with a small farm should engage in intensive farming. Extensive farming on a small farm will never pay. By extensive farming we mean on the extensive plan, which is also expensive. When large crops are put in, they are necessarily given light tillage and much help is employed. Intensive means to farm with energy and to do things well and in season.

In growing farm products it is useless to raise such as cannot be readily sold in the nearest market, unless they are raised in carload lots, in which case they can be shipped to a convenient market. It is also unwise to try to grow products for which land and locality are not well adapted.

There are three very good excuses for not husking corn fodder in season when it is done by hand. One excuse may be when it is too dry, and another is when it is too wet, and the third reason is when one has "that tired feeling." A long stretch of fine weather will cause more delay in this business than any other one thing. These are days of rapid movements and close calculations and the profits in any business do not stand around waiting for wet or dry conditions, or the convenience or leisure of the operator. Where there is room for reformation, let it come.

Corn is scarce and high priced in most localities. Oats in price are proportionately high. In view of this fact here is a good deal of figuring done to employ other kinds of feed with a view of saving money. Nothing has been found that will take the place of corn as a basis for the ration of the fattening animal, and nothing that will quite fill the bill for working horses, colts, calves, pigs or lambs. All other mixtures are simply apologies for substitutes and we use them when we are compelled to do so.

A number of years ago there was a partial failure of the potato crop in this country and large quantities were imported from Ireland. Potatoes are now being imported from Denmark. A recent importation of 200,000 bags consigned to a New York syndicate cost them \$400,000 or about 85 cents a bushel.

Feeding an unprofitable cow or an old plug horse is worse than a mortgage to the extent of the feed consumed. One seems to be as hard to eradicate as the other. They will steal the farmer's labor and his hope. Sometimes they work in such a manner as to drive the boys from the farm and make the girls shy of farmers' sons who are matrimonially inclined. Don't feed a forty dollar plug fifty dollars' worth of feed.—Wisconsin Farmer.

Nicaragua canal and the Hay-Pauncefote treaties with Great Britain. Progress of aerial navigation in 1901. Complete United States census. Architectural statistics of the United States and Europe, etc., etc., to the extent of over 1,000 topics.

The 1902 World Almanac and Encyclopedia in on sale by all news-dealers throughout the country for 25 cents. When ordered by mail 10c extra for postage must be inclosed to The World, New York.

### IN THE VALLEY OF THE SHADOW

Mrs. W. T. Pomeroy Funeral. The funeral of Mrs. W. T. Pomeroy was held from her late residence on Pleasant street, Saturday morning, Rev. A. H. Barrington of Christ church, officiating.

### AMUSEMENT NOTES

The "All a Mistake" company will be at the Myers Grand on Wednesday evening next, and they will give an entertainment said to be about the best in the farce comedy line that has ever been in Janesville.

On Thursday evening next, theater goers will have an opportunity of seeing a grand spectacular production at the Myers Grand in "Lost in the Desert." The story is by Owen Davis and gives a story of unusual interest in the portrayal of which two cars of scenery are used as well as some of the best horse-drawn race horses.

**FOR OVER SIXTY YEARS.** Be sure and use that old and well-tried remedy, **WINDY'S SCOTCH WHISKY**, for children's teething, for colic, for the gums, always all right, and it is the best remedy for diarrhoea. 25c a bottle.

**Roquefort Cheese.** Roquefort cheese is made in France from the milk of a certain breed of sheep which are fed on wild thyme and the cheese has a wild time trying to keep from stinking itself to death in infancy. This wild thyme grows on the banks of the Lot, Tarn and other rivers in the department of Aveyron in France, and after it has first been, besheeped and then hecheered it generates a lot of the tardest smells that ever perambulated down the pike.

Thyme is a kind of an aromatic plant with a pungent odor, and after it is converted into Roquefort cheese it is the pungentest thing known to man. After this cheese is made it is put in solitary confinement until its whiskers begin to turn gray and gangrene sets in, when it is taken out and chained to a post. Before it is served it is chloroformed or knocked in the head with an ax. It is then brought to the table in little square sections about the size of a domino. It is served at the close of meals together with black coffee. It usually has a running mate in the shape of a round cracker that has to be broken with a maul.

Roquefort cheese is of dull white color, except in spots where mortification has set in. Some claim it is inhabited, but this is not true. Even the intrepid and mephitic microbe flees from it as we flee from a pestilence. We have seen Limburger cheese strong enough to shoulder a two bushel sack of wheat, but a piece of Roquefort the size of a dice can carry an election. Limburger is a rose geranium when compared with Roquefort. There is as much difference between them as there is between the purr of a kitten and the roar of a lion. Some people who claim to be civilized say they like Roquefort cheese, but they only eat it because it is imported and expensive. A man who will eat it is an open seculcher and should be quarantined or driven into the wilderness and never again allowed to look into the face of a human being.—C. Y. Bliss, in Grocer's Criterion.

John Grubb, the enterprising groceryman, has the nerve to keep "Roquefort" in a building adjoining his store.

### One Dose

Tells the story. When your head aches, and you feel bilious, constipated, and out of tune, with your stomach sour and no appetite, just buy a package of

### Hood's Pills

And take a dose, from 1 to 4 pills. You will be surprised at how easily they will do their work, cure your headache, biliousness, constipation, liver and stomach troubles, and give you a happy, healthy, and contented life.

### Pennyroyal Pills

Original and Only Genuine. **CHICHESTER'S ENGLISH** PILLS. These pills are made from the most pure and natural ingredients, and are the only pills that can be relied upon for the cure of all the above named troubles.

### NEW HEADLIGHT FOR MILWAUKEE ROAD

It Will Illuminate the Track for Nearly a Mile Ahead of the Engine.

The announcement made last week that the Milwaukee road is experimenting with a new and powerful headlight that, it is claimed, will illuminate the track for nearly a mile ahead of the engine, has awakened much interest.

This improved headlight has a dynamo immediately back of it and under the system derangement is well nigh impossible. Two patents have recently been granted by the government for headlights which have for their object the turning of the lamp so that it will give light on the track as the engine goes round a curve. Whether or not these devices will be used remains to be seen, but they serve to emphasize the fact that the headlight is, or is intended to be a source of illumination for the track at night.

Some have thought that the headlight is intended, not so much for the use of the men on the engine, as it is to serve as a warning to others, of the approach of the locomotive. Those holding this view have pointed to the fact that in England, where grade crossings are rare, the headlight is nothing more than a signal lamp and gives little or no light on the track. Railroad men that in this country the headlight should perform both functions, and that the lighting up of the track ahead of the runner is the most important of its uses.

As a matter of fact two distinct light radiations pass out from the locomotive headlight. One is the direct light which, coming from the flame radiates in a cone, which is defined by lines drawn from the flame, and just escaping the edge of the reflector. The other is the reflected light, which is poured forth in a nearly cylindrical beam, parallel to the axis of the reflector. The flame being, of course, only approximately in the focus of the reflector, the beam of reflected light is in reality slightly conical, but it is not of sufficient concity to reach the track at any distance which would be useful to the occupants of the cab.

**To Winter Resorts** in Florida and the South without changing cars. Leave Chicago Union Station 12 noon, on Chicago and Florida special through service which arrives at Jacksonville and St. Augustine next evening. H. R. Derling, A. G. P. Agt., 248 South Clark St., Chicago, for through tickets and reservations.

**CHILDREN LIKE IT.** "My little boy took the grip on last night," says F. D. Reynolds of Menasha, Wis., "and grew so bad you could hear him breathe all over the house. I thought he would die but a few doses of One Minute Cough Cure relieved and sent him to sleep. That's the first we heard of the cure." One Minute Cough Cure is absolutely safe and sets at once. For coughs, colds, croup, croup, asthma and bronchitis.

### The Royal Worcester Corset Co.

This company manufactures the popular brands of corsets known as the **Royal Worcester and Bon Ton**. We have sold these corsets for over 15 years and today they are more popular than ever. Why? Because they conform to every change of fashion. This company is thoroughly up-to-date and keeps a little ahead of the procession. We show about 20 styles of **Royal Worcester and Bon Ton Corsets** and take special orders for any style represented in their very complete catalogue and are thus able to fit women who are hard to fit and have peculiar ideas about their corset. You can surely be suited from such a line. Visit our corset department and make your wants known; we will do all in our power to please you. Thousands of women in Southern Wisconsin swear by the corsets made by the **Royal Worcester Corset Co.**

One in need of a winter garment can save money now by buying a garment at actual cost. We think we have the very that will please you. Certainly no fault can be found with styles we show, being so fair they can be compared to

Roses Prices have certainly taken a great many of our garments going at much less than cost. Some people are slower than others but many women and quite a number of men are buying cloaks, and customers are on the increase. Your turn next.

### NEW FANCY SILKS

We are showing 50 cuts of beautiful new styles in **Fancy Silks** at 1.25, \$1.50 all bought in short lengths. As our trade extends over several counties there is little chance of seeing the same style one selects on another person.

Every "Macy" book has TWO LOOPS in FRONT—and is made of a metal that is smooth and strong—and will NEVER RUST. The two loops in front give a 50% firmer grip on the cloth with the same amount of sewing and NO THREAD UNDER THE BILL.

FOR SALE AT 10 CENTS PER CARD.

The Macy hook and eye possesses masked advantages over any other hook and eye in the market. It prevents gaping and can be sewn on to a dress so that nothing interferes with its free action. We are sole agents for Janesville. Try the MACY.

## MASONIC.

## Organized Charity Indorsed In Illinois—Treasurer's Report.

A year ago the grand lodge of Illinois voted against organized charity and distributed the surplus funds among the lodges. This year the grand lodge accepted a bequest for a Masonic home and concluded that organized charity is the proper thing after all. What the grand lodge of 1902 may conclude to do is problematical.—Masonic Standard.

There are seventy-eight Masonic lodges in New Hampshire, with a total membership of 9,387.

Illinois is the second grand lodge in point of universal strength in this country, New York leading.

And now there arises in Iowa a Masonic iconoclast who says the world famous Parvin Masonic Library "is a heavy expense and does little good to any member of the order."

There are 120 inmates in the Missouri Masonic home—55 girls, 32 boys, 21 old ladies and 21 old men; receipts of the home last year, \$21,188; cost of maintenance, \$15,311.

The grand lodge of Oregon planted Masonry in Washington in 1852 and in Idaho in 1863.

The grand lodge of Louisiana introduced Masonry in Texas in 1835.

Lodges are careless about properly notifying suspended members of the action taken by the lodge. It is not so very long ago that a suspended brother was granted an appeal after a lapse of seven years because it was proved that no official notice of the action of the lodge had ever been sent him.—Illinois Freeman.

According to statistics recently compiled by R. E. Thomas Montgomery of St. Paul, there was a gain of 8,240 last year in the number of Royal Arch Masons in the United States.

## Europeans Are Jealous.

Vienna, Jan. 27.—The announcement that the heir presumptive to the Austrian throne, Archduke Franz Ferdinand, will go to St. Petersburg Feb. 2 to present himself to the czar in his new capacity of a general of Russian cavalry, is much commented upon in the light of the alleged weakening of the triple alliance, which, it is supposed, led to the Prince Henry's approaching visit to the United States, and the idea of a rapprochement between Russia and Austria as a counter demonstration to Germany's action.

## Bryan Violates Postal Laws.

Washington, Jan. 27.—The postoffice department has decided that William Jennings Bryan violated the postal laws when he placed the names of the Democratic members of congress on the free list of his paper, the Commonwealth. Mr. Bryan has been notified of this fact by the post office department. He will either have to stop sending the Commonwealth to his Democratic friends or else pay for their transmission through the mails at second-class transient rates.

## Father Morrissey Improves.

Notre Dame, Ind., Jan. 27.—Father Morrissey's condition is materially changed. He rallied yesterday and is gradually growing stronger. Dr. Bertling of South Bend gave out the statement that the attack of bronchitis intervening Saturday should not ordinarily interfere with the recovery of the patient if further complications do not set in. The patient's prospects are favorable for a complete but slow recovery.

## Railway Manager Dead.

Chicago, Jan. 27.—W. G. Nevin, general manager of all the lines of the Atchison, Topeka & Santa Fe railroad west of Albuquerque, died yesterday morning at his home in Los Angeles from creeping paralysis. J. G. Wells of Los Angeles will succeed Mr. Nevin as general manager of the Santa Fe system west of Albuquerque, according to an announcement made by President Ripley.

## Kills His Wife with an Ax.

Huntington, W. Va., Jan. 27.—George Rakes, a local turfman, yesterday fatally assaulted his wife with an ax, carving her head and face to an unrecognizable mass. Her skull was penetrated half a dozen times. She was attempting to leave on a visit to her parents when the husband attacked her. He escaped on a freight train.

## Methodists Will Build a Hospital.

Richmond, Ind., Jan. 27.—The Methodists of Indiana have undertaken the erection of a large philanthropic hospital to be located at the state capital. The cost is to be \$200,000 and the endowment \$500,000. The work of raising funds will be pushed over the entire state. Work will begin on the building as soon as \$50,000 is available.

## New York Factory Burned.

New York, Jan. 27.—The factory of the Barrett Manufacturing company, at Shadyside, N. J., opposite this city, was burned Saturday. The loss was estimated at \$50,000.

## Beautiful Blue Danube.

Austrian poets who are fond of singing the praises of "the beautiful blue Danube" were recently very much surprised and disappointed to hear of the investigations of a certain German scientist. This man watched the big river for a whole year, giving to his studies an hour every morning. The result of these observations was that he found the water to be brown 11 times; yellow 46, dark green 59, light green 45, grass green 25, greenish gray 69, other shades of green 110; and that it never had anything like the hue with which it is credited by the bards.

## FOR THE CHILDREN

To Keep their Digestion Perfect Nothing is so Safe and Pleasant as Stuart's Dyspepsia Tablets.

Thousands of men and women have found Stuart's Dyspepsia Tablets the safest and most reliable preparation for any form of indigestion or stomach trouble.

Thousands of people who are not sick, but are well and wish to keep well take Stuart's tablets, after every meal to insure perfect digestion and avoid trouble.

But it is not generally known that the Tablets are just as good and wholesome for little folks as for their elders.

Little children who are pale, thin and have no appetite, or do not grow or thrive, should use the tablets after eating and will derive great benefit from them.

Mrs. G. H. Crotsley, 538 Washington St., Hoboken, New Jersey, writes: "Stuart's Dyspepsia Tablets just all the bill for children as well as for older folks. I've had the best of luck with them. My three year old girl takes them as readily as candy. I have only to say tablets and she drops everything else and runs for them."

A Buffalo mother a short time ago who despaired of the life of her babe, was so delighted with the results from giving the child these tablets that she went before the notary public of Erie Co., New York, and made the following affidavit:

Gentlemen:—Stuart's Dyspepsia Tablets were recommended to me for my two-months-old baby, which was sick and puny and the doctors said was suffering from indigestion. I took the child to the hospital, but there found no relief. A friend mentioned the Stuart tablets and I procured a box from my druggist and used only the large, sweet lozenges in the box and was delighted to find that they were just the thing for my baby. I feel justified in saying that Stuart's Dyspepsia Tablets saved my child's life.

MRS. W. T. DETHLOPE. Subscribed and sworn to before me this 12th day of April, 1897. Notary Public in and for Erie County New York.

For babies, no matter how young or delicate, the tablet will accomplish wonders in increasing flesh, appetite and growth. Use only the large, sweet tablets in every box. Full sized boxes are sold by all druggists for 50 cents and no parent should neglect the use of this safe remedy for all stomach and bowel troubles. If the child is ailing in any way regarding its food or assimilation.

Stuart's Dyspepsia Tablets have been known for years as the best preparation for all stomach troubles whether in adults or infants.

## WEATHER FORECAST.

Continuous cold tonight and Tuesday.

## MICHIGAN REFORMERS.

The good state of Michigan had the misfortune to be under the leadership of the late Hazen S. Pingree for a time, and the republican party, which really controls the state, became very badly demoralized.

Governor Pingree was an enthusiastic hobbyist, and a theoretical reformer of pronounced type. He was honest, enthusiastic and popular with the masses, because he posed as the enemy of corporations. In his wild and visionary schemes for reform, he would have taxed railroads and electric lines, out of existence. "Down with corporations," is always a popular cry, and any man with fertile brain and glib tongue, can soon obtain a following, by adopting it as a watchword.

The conservative people of the state, realizing the danger of this sort of leadership, combined two years ago and elected for governor, Aaron Bliss, and under his administration the state has gradually swung into line. Among the reforms advocated by Governor Pingree, was a primary law, for Detroit as an experimental center. The measure had some friends throughout the state, and an effort is being made to revive it as an issue in this year's campaign. Governor Bliss is not in sympathy with the movement and the party is confronted with conditions similar to those in Wisconsin, except that the conservative element has control of government.

The contest will be watched with interest. Governor Pingree was recognized as populist, not only in Michigan, but throughout the country. He was never in accord with the legislative body of the state, and his administration was noted for radicalism.

"Straws show which way the wind blows," and it is not at all surprising that Governor La Follette's organ, the Milwaukee Free Press, is arrayed against Governor Bliss. Wisconsin has a governor who resembles in many ways the late erratic leader of the neighboring state. He is regarded by the conservative element of the party as a second Pingree, a distinction of which his supporters are proud. It is well for the state that the sentiment is losing in popularity. Pingreeism and La Folletteism, being in the same class. Michigan and Wisconsin have both tried the experiment, and are satisfied to quit.

## SOUND ON TAXATION.

Ex-Governor Scofield recently expressed in the Milwaukee Sentinel his views on taxation. They are entitled to careful consideration, because of the character of the man, and his public record, which is still fresh in the minds of the people. Governor Scofield was a practical reformer. He believes in fair and equitable taxation for both corporations and individuals. After reviewing the conditions of the state, which he regards as the best state in the union. He says:

"Every intelligent man who has a welfare of the state at heart must be in favor of genuine tax reform, but no man should allow himself to be misled into the belief that by having the taxes of somebody else raised very materially without his own being proportionately diminished or decreased, he has done a salutary thing for it is quite the contrary. If there has been a large increase in the revenue of the state by a change of a tax law and that increase has not brought about a corresponding decrease along some other line, then we have taken a long step toward extravagance and it is only a question of time when extravagance will compel the collection of a still greater revenue."

"To illustrate: There is seemingly a disposition on the part of some to increase the tax burdens of the railroads and other corporations of this kind. Without discussing the question on its merits I only wish to say that if it is made and there is added a million dollars, more or less, annually, to the revenues of the state, you and I ought to have a proportionate decrease in our tax burden, or the advance made in the taxes of the railroads would merely allow more liberal expenditures in public administration. This thought should be borne in mind in relation to tax reform, that to minimize expenditure is the chief thing, rather than to increase the revenue. The whole tendency of the times is toward extravagance in the expenditure of public money, and conservative business methods in the administration of the affairs of state should be the first step in the solution of the tax problem."

The one-mill tax in its working on increased valuation is a fair sample of the injustice referred to. This innocent tax puts into a fund in excess of its needs about \$800,000, and is defended on the ground that it is for school purposes. If the railroad taxes had been increased \$600,000 more, it would simply have resulted in adding to another idle fund, without diminishing the burden of taxation.

Tax reform means, as Major Scofield says, more than an increase of taxes. It means a fair distribution, and this the present administration

fails to comprehend.

While the people are willing to contribute money for necessary expenses, there is no sense in asking them to pile up a school fund, or any other, in advance of requirements. It is simply a bid for extravagance, as has frequently been demonstrated.

Mr. Scofield endorses Senator Whitehead, and says that he is sound on the question of taxation. The people will agree with him, as many of them do now, when the question is freely discussed.

There is no lack of Whitehead sentiment around the state. This is a compliment to the man, and he is worthy of it, but a greater compliment to the strength of conservative level headed common sense. It means that the state is alive to the situation, and that radicalism is doomed.

Professor Pearson is in a more uncomfortable position than was Jonah when the whale gobbled him up. Jonah and the whale may be a myth, but there is no miracle about popular sentiment, as the learned professor has doubtless discovered.

Summer foot ball and winter poker, are doubtless necessary to the life of the university. Both are dangerous. Lame morals is worse than a crippled leg, and more difficult to cure. Poker is too swift for school life.

The Kansas City platform may be a little weak, but the democratic party has discovered that it has no substitute, and no second hand material that is safe to work over.

If the school fund had been fixed by budget, the same as all other public funds, the tax payers would have \$800,000 in their clothes, and would be correspondingly happy.

Admiral Schley will discover on his trip, that he is vindicated in the court of public opinion, a larger and more important body than the court of investigation.

Make hay while the good weather lasts. Prosperity is with us, but there is a limit, and the crest of the wave sometimes breaks.

There is more to the question of taxation, than assessing property, and collecting money.

It requires brains and horse sense to run a state; oratory and a glad hand are not so important.

## WHY TAXES ARE HIGHER.

The Gazette publishes in another part of the paper a letter from Carrie B. Smith, that will be of interest to farmers. Mrs. Smith's experience with taxes is the same as that of all tax payers throughout the state—an increase of from twenty-five to fifty per cent. over last year.

It is of course understood that the assessed valuation of farm, as well as other property, is increased. In most cases doubled, and in the case of some corporations, quadrupled. But this does not account for the increase in taxes, as the budget was about the same as last year, and the percentage of taxation was reduced to meet the increased valuation.

The trouble is with the one-mill school tax, which under the old valuation produced \$650,000, and which was ample for school purposes. This one mill tax, when applied to the new valuation, produced a revenue of \$1,450,000, or about \$800,000 more than is necessary. This snags little sum is spread over the state, and Mrs. Smith contributes \$10.00 towards it.

An effort was made in both branches of the legislature to prevent the useless burden, but it failed. The governor, however, removed the tax on the farmer's dog. Mrs. Smith can play even with the game by putting in a dog kennel. She can save \$2.00 a head on them, and her \$10.00 will look like thirty cents when she gets the dog industry well in hand. While farm property has doubled in assessed valuation, dogs have declined so far below par that they are lost in the shuffle. Good dogs, however, still have a market value, and there is no longer any embargo. If Mrs. Smith adopts the suggestion, and succeeds, her experience will be valuable.

## PRESS COMMENT.

Oshkosh Northwestern: The daily papers could save themselves a good deal of trouble if they would keep the two items standing, one to the effect that Miss Stone was to be released in a few hours and the other declaring that it was rumored that she had already been released, but that the report had not yet been confirmed. These two items could be run on alternate days and considering the experience of the past six months they will be good for another half year.

Those who profess to consider John M. Whitehead a weak candidate because he would not receive the vote of a small class of men who once made a living selling pools on horse races, should bear in mind that a good majority of those men are not voters in Wisconsin; and secondly, they can remember, if they choose to, that there is a more numerous class of citizens who lost varying amounts in the pools and would rather not have any more, thank you.—Oconomowoc Enterprise.

Lake Geneva Herald: The republicans of the state of Wisconsin can do no better than place in nomination Senator John M. Whitehead of Janesville, as governor. He is a clean man who has a record in public matters that is only in his favor and he represents the conservative, consistent, republican element of his party.

resents the conservative, consistent, republican element of his party.

Stoughton Hub: They tell us that Whitehead is not popular at home and cannot get the delegates from his own ward. He seems to have had delegates and votes enough to land him in the state senate. But perhaps it is since he got there and did some good fighting against La Follette and his isms that his prestige has departed.

Lodi Enterprise: The Portage petition in the interest of Senator Whitehead has probably in the neighborhood of 200 signers. The lonely corporal's guard of the governor's followers in that balliwick must begin to think that Portage is not so solid for Bob as it has been in times gone by.

Fond du Lac Reporter: Now that the students at the state university are to be denied enjoying a quiet game of poker, they might while away a few evenings a week by joining some Madison card club and "play for the head prize."

Marquette Eagle: They pay five cents a piece in the northern part of the state for signers of La Follette petitions. By the way, what do they want the La Follette petitions for? The governor don't need any urging.

With the stalwarts and the small-pox abroad in the land, we country newspaper men don't know whether to get subsidized or vaccinated.—Stoughton Hub.

La Crosse Republican-Leader: That Northwestern University professor who has been asserting that bible stories are untrue and harmless will be wondering "where he is at" before he is much older.

## A WOMAN'S QUERY.

To the Editor of The Telephone: Why don't some one who is among the injured on the tax question suggest that the governor be importuned to call his forces together and fix up this tax business before the assessor comes around again? Is it because? and does "because" imply anything detrimental to their or anybody's taking a lead into the offices of state next year? Is not now the accepted time to mend all ways and right all wrongs? I am of that class that pay, but vote not; but are styled speakers on the perpetual motion plan. I have a farm of 137 acres that I paid \$19 more tax this year than last.—In Johnston.

It is said that Johnston taxes are higher than any other town in the county. This may be the case or it may be because my farm has been rented for eleven years, and has gained in value under a renter's hand? Or more probable still—the dilapidated, antique in these days is valued and priceless? I know of a farm of 160 acres with a mortgage of about \$4,000, that the taxes are raised \$17 over last year. Not nearly so much as mine in proportion, but sufficient to prove beyond a reasonable doubt that these farms are needed to swell the funds "to build the city palatial university buildings that are always under construction, and to salary teachers and librarians to tread these marbled halls and draw a princely salary, and to create offices of state on any pretext whatever, to eat up the people's money. If Gov. La Follette or any legislator wants to placate themselves in a position to inherit the people's gratitude let them take measures at once to prevent this thieving taxation being repeated next year. Will any of them do it? Where is the echo? CARRIE B. SMITH.—Milton, Telephone.

## THE RIGHT RING.

Like good republicans, we will make the opposition openly and if possible name a safer and better candidate. If the majority are not with us in the protest but should name Mr. La Follette to succeed himself, the stalwarts will make the best of the situation and vote the ticket as they did two years ago—simply because men who take part in caucuses and conventions learn to observe the golden rule.

With Mr. La Follette as governor there is no place in the republican party for any man who does not agree with him. With Mr. Whitehead as governor any man of any party would abundantly realize that his manhood was in no way curtailed.—Hudson Star Times.

## Side-tracked Petitions and Circulated Petitions.

To the Editor of the Madison Journal: In last evening's Journal under the heading "That Petition Side-tracked," you say in regard to the mere possibility of a petition being circulated in Madison for Mr. Whitehead:

"Somehow it seems like a man kicking his own family to circulate and sign a petition in Madison to discredit and humiliate Robert M. La Follette, to urge a man's own neighbors and the people whose children go to school with his, and the men and women he meets at scenes of neighborhood joy and sorrow—to urge them to sign a petition declaring his unworthiness, and to have these names blazoned far and wide as they will be. It must be possible to 'call out' John Whitehead or any other good man without stealing coffin plates, or kicking one's mother, or violating the simple rules of ordinary neighborly consideration."

I am not objecting to your criticism though based on a rumor only, about a petition which nobody has seen, and at any rate, is "side-tracked." But I call your attention to a fact you must be ignorant of or else your criticism would have turned doubly eloquent in another direction.

At Janesville, where Mr. Whitehead resides, Governor La Follette's friends are canvassing, on foot, on horse back, on bicycle, etc., every nook and corner of said city for signatures to petition for the governor's re-nomination, "to discredit and humiliate" John M. Whitehead, "declaring his unworthiness and to have these names blazoned far and wide as they will be."

"It must be possible to call out" Robert M. La Follette "or any other

good man without stealing coffin plates, or kicking one's mother, or violating the simple rules of ordinary neighborly consideration."

What do you think about it? The editor of the Journal is generally regarded as a fair minded, honest man. Please give the readers of the State Journal your clear, unbiased opinion, without the accompaniment of any "glittering generalities." Mind you, I am not finding fault with the governor's action in this matter. I blame him not. It is straight politics, in which he is no "tenderfoot." Fair minded men however, believe in meeting out even handed justice though the heavens fall.

## LA FOLLETTE LOSING IN BLOCKS.

Mr. Ole Teisberg of Pleasant Springs in this county, a prominent farmer and active and influential republican, was in our village last Saturday calling on friends. He has always been an ardent La Follette supporter, but has fully awakened to the error of it. He says La Follette was a good preacher and great in promises, but failed absolutely to keep his promises or do as he preached. He also said he did not know of a single person in Pleasant Springs that is favorable to La Follette now. When it is remembered that two years ago Pleasant Springs was solidly for La Follette we can get some conception of the change of sentiment among the farmer element.—Deerfield News.

## Gov. Shaw Off for Washington.

Des Moines, Ia., Jan. 27.—Ex-Governor Shaw has placed his business affairs in shape to permit of his absence from the state for an indefinite period, has taken formal leave of his late official associates at the statehouse and departed for Washington to-day to assume his new duties as secretary of the treasury.

## To Trade with West Indies.

Chicago, Jan. 27.—The United States Steamship company soon will have fourteen vessels plying between Boston and Havana, Santiago, Porto Rico, Central America and Mexico—placing Chicago via Boston in communication by water with these points.

## ZERO WEATHER AGAIN ON DECK

Ten Degrees Below Zero  
Today Without Any  
Relief in Sight.

## DROP IN MERCURY

Cold Spell is Widespread—  
Other Cities of North and  
West Suffer.

## HARD ON LIVE STOCK

The severe cold, which has been dwelling for days in the Dakotas, Montana and northwestern states, finally has swooped down upon Janesville. In eighteen hours, from 6 yesterday morning to midnight, the mercury took a tumble of approximately 35 degrees, making a temperature below the zero mark. From that time on to the early morning it fell more steadily. With the severe cold came a high wind from the northwest.

**Railroad Men Complain**  
The cold snap that came from the northwest following the snow, arrived here in full force last night. It struck the zero mark before twelve o'clock last night and this morning it was from 12 to 14 below. People going to work early this morning, who were not well bundled up felt the change severely.

**Railroad men**, especially in the freight service, complain of the cold as it interferes greatly with the handling of the long trains now run on all the roads. When the trains are sidetracked at meeting points the extreme cold freezes the grease in the axle boxes and makes it very hard to get the train under way. Most of the short run passenger trains were on time, while most of the through trains were from ten to twenty minutes late. Janesville is not the only sufferer. All through the northwest and middle West states the frigidity is severe, causing intense suffering and big losses.

**Cattle Are Suffering**  
Reports from Kansas, Missouri, Nebraska, Oklahoma, Michigan and Wisconsin tell of almost deplorable conditions. The weather for several days has been the severest known to many parts this winter. Cattle on the western ranges are suffering and the losses to their owners are expected to be unusually large. The loss of life also is expected to be large, although no definite reports on this score have been received.

**Winter Wheat Damaged**  
The range cattle in Nebraska, western Kansas, and Oklahoma suffered most severely. Many of them are dying. The long period of extraordinary mild weather took them far from shelter and measures for their protection were to some extent neglected. The winter wheat in this section was damaged, as there was insufficient snow covering. Last night a gale, carrying heavy snow was raging through Michigan, with a blizzard in the upper peninsula, and the thermometer was dropping rapidly from the straits to Memphis.

**Suffering in Oklahoma**  
The coldest weather of the winter, with the thermometer at zero all day, and a high north wind covers all Oklahoma. Cattle interests will suffer greatly. The weather has been springlike for the last month, and the sudden change will kill cattle in all portions of the territory. The wheat crop will also suffer loss, as not enough snow has accompanied the blizzard to protect the range growth. In the new country settlers, and especially those in moving wagons, of which there are hundreds will suffer. In the Indian territory, principally in the Creek nation, where the full bloods are in destitute circumstances.

**Severe Cold in Kansas**  
Clear, calm and extremely cold is the condition over the entire state of Kansas. Cattle on the western ranges are suffering, and much loss is likely to ensue. Little wind accompanies the cold.

**Heavy snow in Wisconsin**  
The heaviest snow of the season fell yesterday at La Crosse. The thermometer is falling rapidly. The mercury is 10 degrees below and still falling.

## HOTEL ARRIVALS

Wisconsin people registered at the local hotels today:

### Myers.

E. E. Andeck, J. J. Merte, Marshfield; W. J. Collins, Milwaukee; F. W. Kehl, Madison; H. C. Taylor, Orfordville; A. C. Cole, F. H. Terry, Milwaukee.

This evening there is but one social event scheduled and that is the Y. P. S. dancing party to be held at Assembly hall. Prof. Smith's full orchestra will furnish the music.

"Our Martyred Trinity" is the subject of an eloquent free lecture, illustrated by stereopticon, to be given at the Baptist church on Tuesday evening at 8 o'clock by Rev. Howard Hanson of Beloit. An offering will be taken.

Mr. Chas. F. Lineo, representing our complete line of foreign wash fabrics and imported novelties will be in Janesville on Thursday and Friday, Jan. 30, 31, at the Myers House, Alexander Kornhauser & Co., Madison, Wis.

On account of the prevalence of smallpox, scarlet fever and other contagious diseases, no visitors will be shown through the School for the Blind until further notice. A. J. Hutton, Superintendent.

The Young Men's meeting at the Y. M. C. A. building Sunday afternoon, was well attended. J. A. Craig was the leader, and gave a very interesting talk. The Y. M. C. A. quartet furnished the music.

"Glimpses of Palestine" is the title of a lecture to be delivered at the First M. E. church Wednesday evening, Jan. 29, by the popular lecturer, Rev. Chas. M. Doors open at 7:30; lecture to begin at 8. Admission 25 cts; children 15 cts. Don't miss it.

The Christian Endeavor society of the Baptist church will hold their regular monthly business meeting at the home of Miss Mattie Snyder, Washington street. After the business meeting the evening will be spent in a social way.

The advertising department of the Erie Telephone company, of which the Wisconsin Telephone company has been a part, is abolished, and T. W. Greenslitt, who has been the manager of this department since its inception with offices at Boston, Mass., severs his connection with the company. Mr. Greenslitt is an advertising expert by wide experience, well known among the newspaper fraternity. He will engage in the advertising business in the east.

## JOE CANTILLON IS ENTHUSIASTIC

Ball Player from Janesville Made a  
Good Thing on His Pacific  
Coast Trip.

The Chicago Inter Ocean in its Sunday edition prints a half tone picture of Joe Cantillon, an old Janesville boy and one of the best known base ball umpires who has just returned from the Pacific coast with the following notice.

"Umpire Joe Cantillon, who has been managing the successful winter season of the All-Americans on the Pacific coast this season, arrived in Chicago yesterday.

Cantillon is enthusiastic over the results of the trip.

"The boys cleaned up over \$600 a piece," he said, "and what is more, had a grand time. We could not have asked for better treatment from press and public than we received out in California. All the men returned with the exception of Rube Waddell, who has signed a contract with the Los Angeles club, but I expect to see him back here in time to report for spring practice with the Chicago National League club.

"Next autumn I intend to take out two teams to the coast and what is more, we will go to Honolulu and perhaps to Australia."

## SHIP RAW FURS FROM THIS CITY

Janesville One of the Leading Fur  
Manufacturing Points—One Con-  
signments from Colorado.

Janesville is becoming one of the principal fur shipping points in Wisconsin. Many thousands of dollars' worth of raw fur are shipped from this city every season to the large markets of the east. Dealers in this town receive furs from all parts of the northwest, many shipments coming from Colorado and Montana.

One shipment received by Lucius Kennedy from Colorado two weeks ago was valued at over two thousand dollars, and was made up of hides of wolves, foxes, mink, coon, badger, skunk and rats.

Mr. Kennedy today received a shipment from Colorado that is valued at over one thousand dollars. Among the skins in the shipment are twenty-two wolves, six badgers, one swift fox, thirty-seven skunks and one beaver. The beaver pelt weighs about two and a half pounds and is worth ten dollars.

This pelt is quite a curiosity, the skin being rarely seen here just as it comes from the animal.

The importance of this city as a fur market has caused Revillon Freres, of New York, the largest dealer in raw furs in this country, to keep a man in this territory during the shipping season. Mr. W. E. Ball represents this firm and is here a day or two each week buying up the skins accumulated by the local dealers.

Will Open Model  
Tailoring Store

Chicago Cutter Will Be in Charge of  
Store in Connection with T. J.  
Ziegler's Establishment.

What this city has been in need of for several years was a tailoring firm whose reputation for doing first class work was unquestioned. The well-known clothing house of T. J. Ziegler will open to the local public about the fifteenth of February the most model and up-to-date tailoring establishment in Rock county. Their entire main street store will be devoted to the tailoring department and a first class Chicago cutter will be in charge. Fully realizing that the public here demand a cutter whose work is unquestioned Mr. Ziegler has secured the services of a man whose work has given the best of satisfaction among the best dressed men in Chicago. The Ziegler store will also carry in stock the largest and most complete line of patterns ever shown by any tailoring store in Janesville. First class work only will be the one aim of this new tailoring firm and no clothes of a cheap price will be turned out. Every garment that leaves the Ziegler store will give perfect satisfaction as to fit and workmanship. The new store will be fitted throughout with fine fixtures and when open to the public will be second to none in this section of the country. The opening of this establishment in Janesville will fill a long felt want and will no doubt be liberally patronized by those who wish first-class work at prices more reasonable than those charged by the leading tailoring firms of Milwaukee and Chicago.

CITY NEWS IN BRIEF

C. N. Nelson, an architect of Burlington, Iowa, was here today, looking over the insane asylum buildings, as the county board of Des Moines county are about to erect a new asylum and poor house, and have decided to pattern after the institution here.

Mrs. W. L. Watt will demonstrate the good qualities of California Wheatine a new breakfast food, at O. D. Bates' grocery tomorrow and Wednesday. Wheatine embodies all the nutritious elements of the wheat kernel without the woody fibre substance which makes some breakfast foods disagreeable. Mrs. Watt will serve delicate Wheatine with sugar and cream to callers, free to introduce the new article to Janesville people.

Gideon Club Banquet

The Gideon club gave a banquet on Saturday evening at the Baptist church. Members and their families to the number of fifty were present. A lavish supper was served. L. K. Priskey acted as toastmaster and a number of very apt toasts were responded to on "Our Life" by the following gentlemen: Messrs. R. M. Vaughan, J. S. Taylor, J. T. Wright, H. F. Nott, W. M. Ross and W. E. McCaughey. After the supper a very fine vocal and instrumental program was rendered.

## NEWS OF A PERSONAL NATURE

W. O. Newhouse spent Sunday in Beloit.

Prof. Kehl of Madison is in the city today.

Miss Nettie Eddington is visiting with friends at Brodhead.

E. G. Roberts of Fort Atkinson visited in this city Saturday.

John J. Hannan of the Milwaukee Free Press was in the city Saturday interviewing the La Follette leaders and securing ammunition for the campaign.

Mrs. H. W. Frick is entertaining a party of a dozen lady friends and their infant babies at her home on Court street this afternoon. The affair is a baby party Mrs. Frick having invited the guests for her tiny daughter, Gretchen, aged one year.

R. J. Burdge, Robert Moore and A. O. Wilson, jury commissioners for Rock county, met at the court house today, and drew the jurors for the February term of the circuit court.

W. F. HAYES AGAIN HONORED

Re-Appointed Chairman of the Wisconsin Optical Society

The semi-annual meeting of the Wisconsin Optical society occurred in Milwaukee Thursday of last week. W. F. Hayes was re-appointed chairman of the examining board for the coming year. The duties of the board are to look into the credentials and standing of the applicants for a membership to the association and the appointing of Mr. Hayes to all the office for another year is a recognition of his ability. It was decided to hold the next meeting at Oshkosh in July.

GROWERS TAKE NOTICE

We, the undersigned, will be ready to take contracts for cucumbers, cabbage, corn, etc., at the company's office at factory, or at Walter Helm's Seed Store any time after February 1st, 1902.

P. HOHENADEL, JR., CO.

Judge William S. Arnold Dead

The Salt Lake Herald of Jan. 19 publishes an extended obituary notice of the late Judge William S. Arnold, who passed away at Waterloo, Utah, on Jan. 18. Judge Arnold was a notable character, whose reputation extended from California to the Dakotas and Illinois. He was a native of Wisconsin, and of the age of 51 years. At the age of 22 he was admitted to the bar and later removed to the Dakotas, where he took a prominent part in the organization of these states, serving as a member of the constitutional convention. He was well-known in Janesville and his father lives here now.

Big Turkey Shoot

Arrangements have been made for a big turkey shoot to occur tomorrow at Bergen. Birds to the number of 500 have been secured for the occasion and it is expected to be the largest event of its kind to take place this season in southern Wisconsin and northern Illinois. The shooting will begin at 9 o'clock in the morning and continue throughout the day.

I'll brave the storms of Chilkoot Pass, I'll cross the plains of frozen glass, I'll leave my wife and cross the sea. Rather than be without Rocky Mountain Tea. Smith's Pharmacy.

Mr. John Streiffeller from Lamona, Washington, is in the city visiting his cousin, Mrs. Dr. H. A. Palmer of Forest Park, and other relatives in the East.

## ATTITUDE OF THE WORLD TO CHRIST

Sermon by the Rev. J. T. Henderson  
at the Presbyterian Church.

Yesterday Morning.

The usual Sunday services were held at the Presbyterian church yesterday.

In the morning the pastor, the Rev. J. T. Henderson, preached a strong and instructive sermon on "The Attitude of the World to Christ."

He said in part:

A portion of the World's attitude at the present day was that of wonderment, even as it had been the attitude of the multitudes who listened to Christ's preaching and saw him perform the miracles.

This condition existed when the sinner was but newly acquainted with the Christ and gave way upon closer intimacy, consequent upon a study of his life and teachings to one of admiration. The world admired Christ today; even those who did not accept him could not refuse him admiration; no more than could Pilate and the high priests whose self interest forced them to condemn him.

Following upon the feeling of admiration there came a consciousness of a feeling of friendship and affection and the attitude of the world of today was almost universally that of love.

He spoke forcibly of the necessity of individual thinking and stated that as every age must write its own creed so must the individual do his own investigating and formulate his own religious belief. And the young man or young woman who merely accepted the teachings and beliefs of their fathers surrendered the grandest privilege of the mind.

The annual meeting of the stockholders of the Lewis Knitting Co. will be held at the office of the company at three o'clock in the afternoon of Tuesday, January twenty-eighth, for the election of board of directors and the transaction of such other business as may properly come before the meeting.

S. B. LEWIS, Pres.  
F. F. LEWIS, Sec'y.

Dated Janesville, Wis., January 13th, 1902.

CHRISTIAN SCIENCE

Under the auspices of the First Church of Christ, Scientist, Janesville, Wis., a lecture will be given at the opera house, Tuesday evening, Jan. 28th by Dr. S. J. Sawyer, C. S. D., of Milwaukee, Wis., a member of the Board of Lectureship of the Mother Church of Boston, Mass.

The Science of Christianity is of interest to all, and a cordial invitation is extended to everyone to attend this free lecture.

The annual meeting of the stockholders of the Oak Hill cemetery association will be held at the common council chamber Wednesday evening, January 29th at 7:30 o'clock. All lot owners are stockholders and are entitled to vote at this meeting.

## CONGRESS ASKED TO PAY CLAIMS

States Want Interest on Money  
Expended to Equip Troops  
During Civil War.

THE PRINCIPAL HAS BEEN PAID.

Representative Caldwell of Illinois is  
Promoting the Movement—Philippine  
Tariff Bill to Be Kept to the Front  
in the Senate This Week.

Washington, Jan. 27.—The state of Illinois is in a fair way to obtain from the government the comfortable sum of \$233,112.03, which for thirty-five years her representatives in congress have in vain tried to collect. The money represents interest which Illinois paid upon bonds that were issued just before and during the civil war to enable the state to raise, equip and transport troops that had been called for by President Lincoln.

The state's principal claim, amounting to \$4,047,771.06, was paid many years ago under the provisions of an act passed by congress in 1861. The financial officers of the government, however, declined to pay the interest on the ground that it is the declared policy of the United States not to pay claims of this character unless provided for by special contract or special law. The government was willing to assume responsibility for the principal of the debt incurred by Illinois, but not for the interest upon the debt. Practically all of the states which raised and equipped troops and sent them to the front during the civil war put in claims for interest upon the debt which they assumed. New York carried her claim for interest to the court of claims and was awarded a verdict. Subsequently the supreme court of the United States upheld this verdict and decided that the interest on the bonds issued by the states became principal obligation just as soon as the interest was paid.

Illinois, Indiana, Michigan, Iowa and Ohio, whose combined claims aggregate more than \$1,000,000, have been insistent during the present session of congress for settlement. Representative Caldwell of Illinois, as a member of the committee on war claims, introduced a bill providing for immediate payment and he is assured that the bill will pass the house. The representatives of all of the states having similar claims will stand together and their combined influence, it is said, will be sufficient to secure the passage of the measure.

**TARIFF BILL TO BE PRESSED**  
Senator Lodge Will Keep Philippine Measure to the Front.

Washington, Jan. 27.—The Senate will devote its principal attention this week to the Philippine tariff bill. It is the purpose of Senator Lodge to keep it before the Senate persistently until it is disposed of. He does not count on final action for some time. It is not the present purpose of the friends of the bill to debate it, but the attacks which will be made on it and upon the entire administration of Philippine affairs inevitably will bring replies from many of the Republican Senators. It is understood that a majority of the Senators on the Democratic side of the chamber will be heard before the bill is passed.

The House leaders have made no programme for the work of the present week, as there are no measures of importance pressing for attention, although the anti-oleomargarine bill and the Hill bill for the exchangeability of gold and silver are both on the calendar and may be taken up before long. The chief interest of the week centers in the opening of hearings by the ways and means committee on the reduction of war revenue taxes. The committee gives to-day to this subject, hearing the beer interest in the morning and the tea interests in the afternoon.

On Tuesday the committee returns to the subject of Cuban reciprocity, hearing more of the representatives of beet sugar and also several Cuban planters who have come to the United States to present their views of the case.

**Bill to Reduce Cuban Tariff.**  
Washington, Jan. 27.—The War Department has completed a draft of a bill which is designed to reduce tariff on Cuban products about 25 per cent below the Dingley rates. The measure will be introduced to a Senator and Representative, who will introduce it on the same day in both houses. The department bill has the endorsement of the President, who has had a great deal to do with its preparation.

**President and Long Have Conference.**  
Washington, Jan. 27.—Secretary Long was in conference with the President for over an hour last night, presumably in regard to the appeal of Rear Admiral Schley from the findings of the court of inquiry, which was referred by the executive to the Navy Department for "comment."

**Chinese Treaty Soon to Be Signed.**  
Peking, Jan. 27.—It is expected that the Manchurian treaty will be signed within a week. Diplomats here do not manifest great interest in it, as they do not believe any written treaties will affect in the slightest degree the policy of Russia in Manchuria.

### JANESVILLE MARKET PRICES

## BORT, BAILEY & CO.

We offer about forty dozen of

**Ladies' Fancy Lisle and  
Maco Cotton**

**HOSE**

AT

**25 cents a Pair**

The lot consists of broken lines of  
35, 40 and 50 cent hose in pretty stipes,  
plaids, and figures, both with and with-  
out the drop stitching; also a large lot of  
plain colors and black, in beautiful de-  
signs of Lace Work. It is the finest line  
and best values of fancy hose ever offered  
in Janesville for 25c. Every lady wants  
at least a pair or two of fancy hose, here  
is a chance to buy them worth up to 50c  
for 25 cents.

**BORT, BAILEY & CO.**

**All  
Coal.....**

is alike to some people, yet there is  
a difference in Coal. Some burns  
hot and makes small, soft cinders.  
It looks shiny and is free from dust.  
We sell this kind.

**'Phone  
Us....**

Plenty of wood.

**F. A. TAYLOR & CO.**

**We Call Your Attention!**

TO OUR

**Furniture  
Polish**

Will remove ordinary scratches, besides cleaning off  
all dirt and grease spots. You will find that by its  
use you can make your parlor and library look "spick-  
er" and "spanner" in a few minutes than you could  
make them look by hours of scrubbing and rubbing  
without its help.

We have competent workmen,

We call and deliver goods,

We guarantee satisfaction

**KENT & CRANE,**

13 S. River Street.

## WHERE IS THE PRINCESS?

Ye young knight in his travels found  
A slipper chafed for fairy feet,  
And somewhere in the wood around  
A princess hid in way discreet.  
Can you the princess, that sweet maid,  
Find for this little knight dismayed?

**Youthful Thugs Arrested.**  
Chicago, Jan. 27.—Five boys, credited by the police with street holdups, shooting affrays, store robberies, till tapping, and numerous other crimes, were arrested in the gallery of a theater, where they were spending the profits of a recent raid.

**Women at the State Dinner.**  
Washington, Jan. 27.—It has been decided that Mrs. Roosevelt and Miss Alice Roosevelt will attend the state dinner to be given by the President in honor of Prince Henry. Heretofore it had been decided that there would be no women present.

**Increase in Manufactures.**  
Washington, Jan. 27.—The gross value of the manufactured products of the United States in the year 1900 was \$15,003,127,082, as compared with a gross value in 1890 of \$9,372,437,283, an increase of 58.73 per cent.

**Gov. Dole's Bill Is Dead.**  
Berlin, Jan. 27.—It is now an open question whether any combination of groups in the Reichstag is practicable for securing the passage of a tariff bill with increased protection for agricultural products. The failure of the tariff scheme is probable even if the projected commercial coalition of Russia and Austria-Hungary is not carried out.

**Gov. Dole Deposed.**  
Washington, Jan. 27.—Col. Samuel Parker, one of the wealthiest and most progressive native business men of Honolulu, has been selected by President Roosevelt to displace Sanford B. Dole as governor of Hawaii. Governor Dole's term of office does not expire until May 1904, and his removal is due to general dissatisfaction with his conduct of affairs.

**Epidemic Kills Horses.**  
Avon, Ill., Jan. 27.—A serious epidemic is raging among horses in the Illinois region of the corn belt. Farmers declare that thousands of acres of the richest corn land in the West will not be in cultivation this year, as the owners and renters will be unable to secure teams to do the work. An effort is being made to import mules in time for spring plowing.

**Look to Enjoin Traction Company.**  
Elgin, Ill., Jan. 27.—Fred W. Juecks and H. P. Rorig have brought suit for an injunction restraining the Elgin, Aurora and Southern Traction company from acting under the recently granted franchise, alleging that the referendum law was violated and that the ordinance is otherwise illegal.

**Hid Her Wealth in a Canister.**  
Crawfordsville, Ind., Jan. 27.—Relatives of America Stipe, an aged spinster, who died recently, uncovered a rich treasure while looking through her kitchen pantry. In an old tin canister, surrounded by broken dishes and battered tinware, they found gold and bank notes to the amount of nearly \$2,000.

**The Pope's Wine Crop.**  
Last year the Pope's vineyard in the gardens of the Vatican yielded bountifully, but owing to some carelessness in putting up the wine, much of it spoiled and had to be sold at six cents a quart. This year there was a prospect for another good harvest, when a hailstorm destroyed the whole crop and damaged the vines so badly that they will probably be barren next year.

**Hindrance to Success.**  
Many a man with great brain power and fine physique who started in life with good prospects has failed to attain great success because of little idiosyncrasies, peculiarities of speech or manner; things not in themselves vicious or wrong, but which render him disagreeable or unacceptable to those who have dealings with him.

**An Eight-Thousand-Dollar "Smoke."**  
A revivalist named A. Wagge has been preaching in Roonoke, Va., and advising the farmers to burn their tobacco crop in order to avoid burning themselves in the next world. Matthew Seare, a well-known young farmer, emptied eight barns which were filled with fine tobacco, piled it in one immense heap, invited his neighbors in and then set fire to the whole crop. It was valued at \$8,000.

## RED BLOOD

Pure Blood the Greatest Necessity of Life.

We Know Vinol To Be A Wonderful Blood Enricher.

You can't have a healthy house with a clogged up sewer. The blood is the flushing fluid of the system. When it is impure it ceases to carry off other impurities from the vital organs. What is worse it imparts its own poisons to the lungs, the kidneys, the liver, etc.

Those with rich pure blood know no ill health. In all of our experience we have never met anything better than Vinol for thoroughly purifying and enriching the blood. Vinol contains in a highly concentrated state just the elements that are needed to enable the blood to take from the stomach those properties it needs for enriching itself and reconstructing the body. It also enables the blood to get rid of the impurities it absorbs from the different vital organs in its circulatory action.

We wish to call your attention to the following letter which comes from one of the many who have been made well by the use of Vinol. It is from Miss Gertrude McGee of Toledo, Ohio, who is a daughter of the popular proprietor of the "Burnett" of that place. She says: "For the past ten years the word health was to me meaningless. Doctors and their prescriptions were unsuccessful as far as the building up of my body and the restoration of my health was concerned, until one bright day my physician prescribed Vinol. I have taken up to now about fourteen bottles and find that it is more than all you claimed for it. For years it has been my want to pray for strength; now I have one prayer and an occasional dollar for Vinol and I am feeling stronger and better every day." We wish to again extend the invitation that we have offered so many times to call on us and let us tell you more about Vinol. We are always ready to refund to anyone the price paid for Vinol if they are not satisfied with its action.

Smith's Pharmacy.

STATE OF WISCONSIN—County Court for Rock County—In Probate.  
Notice is hereby given that at a special term of the County Court to be held in and for said county at the Court House, in the city of Janesville, in said county, on the third Tuesday, being the 18th day of Feb., 1902, at 10 o'clock a. m., the following matter will be heard and considered:  
The application of Nellie Monague for the appointment of an administrator of the estate of James Monague, late of the town of Johnston, in said county, deceased.  
Dated Jan. 25, 1902.  
By the Court,  
GEORGE H. SALE,  
Register in Probate.

## JANUARY CLEARANCE SALE..

We're cleaning up the odds and ends and you get the advantage. Make your selection and see how well it fits into the needs of your purse. Some of these articles are away up in quality, and the low price is only possible because of the desire to get rid of them, for its our custom to clean up the stock and we want your help. After you get prices elsewhere come to us. Every cloak in our mammoth stock must be sold.

## TO THE PUBLIC:

About February 15, 1902, we will open to the public the most model and up-to-date tailoring establishment in Rock County. Our entire Main Street store will be devoted to our tailoring department, which will be in charge of a Chicago cutter who is a true artist in his line of work. We will make first class clothes only and will have the largest stock of patterns to select from in southern Wisconsin.
